

10TH ANNUAL MEETING
Stockholm • 2026

10th Meeting of the European Hereditary Tumour Group (EHTG)

Friday, August 28 to Sunday, August 30, 2026
Stockholm, Sweden

Preliminary Programme

Invitation 10th Meeting – Stockholm

Dear Members, Friends, Affiliates and Sponsors,

We are delighted to welcome you to the 10th Annual EHTG Meeting, taking place from August 28-30, 2026 in Stockholm.

Join us for the full program focusing on new technologies, emerging treatments and other developments in the fields of genetics, gastroenterology, oncology, endoscopy and surgery in hereditary gastrointestinal tumours.

The program will feature cutting-edge and controversial topics, expert discussions and debates, and valuable insights from both clinical and patient perspectives. Together, we will explore advances in precision medicine, prevention, surveillance, guideline development, and collaborative European research initiatives.

Beyond the scientific sessions, this year's meeting offers a unique opportunity to strengthen collaboration within our growing international community. We look forward to inspiring discussions, new connections, and shaping the future of hereditary tumour research and care together.

Please visit www.ehtg.org for more information and contact gs007@ehtg.org for organizational queries.

We are excited to welcome you to Stockholm at the end of August!

Sincerely yours,

EHTG Programme Committee and Board Members
