

9TH ANNUAL MEETING
Heidelberg • 2025
September 19th to 21st

Sponsorship Prospectus 2025

**European Hereditary
Tumour Group**

About EHTG

EHTG is the long-standing association where geneticists, surgeons, gastroenterologists, oncologists, and specialists from various scientific disciplines across Europe collaborate to improve the diagnosis, treatment and prevention of hereditary cancers.

With a track record of successful collaborative studies, publishing guidelines, and creating the world's leading database for Lynch syndrome (PLSD), EHTG aims to enhance understanding and improve the treatment of hereditary cancers.

It serves as a unique platform where expert basic scientists and clinicians work together to achieve these goals.

Our Event

We are pleased to extend an exciting opportunity for you to sponsor the 9th annual EHTG meeting which will be held **face to face** in Heidelberg from **Sept. 19 to Sept. 21, 2025** at "FRAUENBAD Heidelberg".

Our dynamic program offers engaging discussions on selected hot and controversial topics, debates and plenary sessions, including identification of **molecular biomarkers**, facilitation of tumor diagnosis, challenges of **germline sequencing** and **variant interpretation**, therapeutic decision making, **immunotherapy**, **drug repurposing**, innovation in early detection based on **AI** and **liquid biopsy**, and **targeted cancer prevention**. Distinguished speakers from around the world will be part of the program.

Benefits of Sponsorship

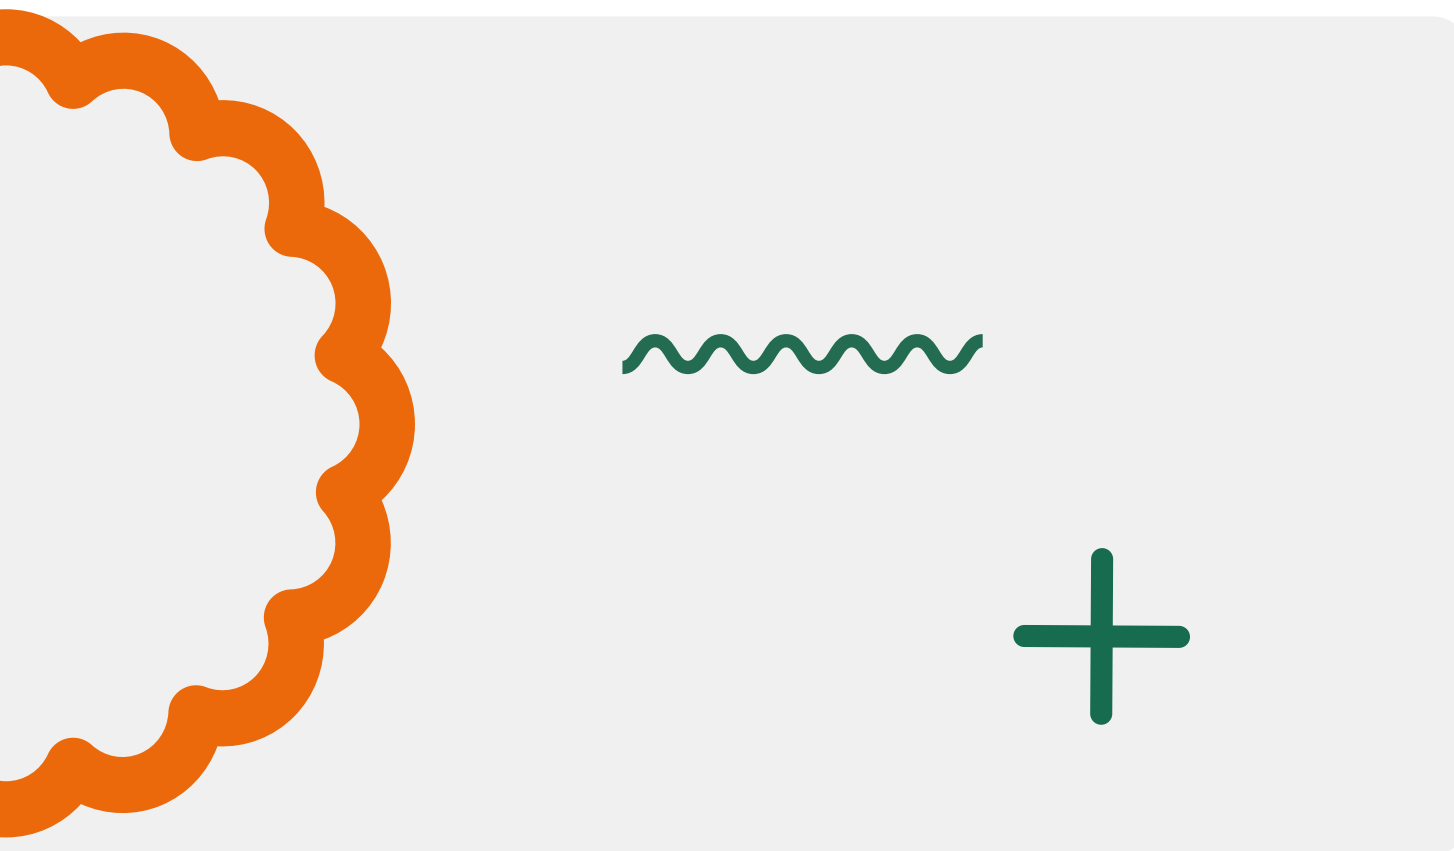

Our sponsorship packages are designed to provide maximum exposure from the initial announcement to the concluding thank-you. By opting for one of our sponsorship tiers, you will enjoy exclusivity in certain channels throughout the event and beyond. Sponsoring the EHTG annual meeting elevates your brand's visibility among a targeted audience of professionals and institutions in the field of hereditary oncology.

It offers unparalleled networking opportunities to connect with top professionals and decision-makers while positioning your organization as a thought leader in the field. Sponsors will also gain access to the latest research findings and innovations, ensuring their products and services align with current developments in hereditary tumor prevention and precision management.

Five Tiers of Packages

During our upcoming annual conference we offer five tiers of investment packages.

Each package includes a selection of carefully curated benefits for partners seeking to enhance their brand visibility throughout the conference.

Educational Grants

A very important goal of the EHTG is education. We cordially invite our esteemed sponsors to contribute to the growth and impact of the EHTG through an educational grant.

By providing financial support, sponsors will enable the society to thrive and expand its offerings, which include engaging webinars, intellectually stimulating academic and educational events, travel funding for training of Young-EHTG members in renowned collaborating institutes, hands-on workshops, and the development of easily accessible educational materials tailored to the needs of laypersons and self-support groups. Furthermore, the grant will facilitate the translation of these valuable resources into various languages, ensuring that crucial information reaches a diverse and global audience. Your contribution to the EHTG's mission will not only empower individuals affected by hereditary tumours but also foster a collaborative and inclusive environment that transcends borders, ultimately propelling advancements in the field of hereditary tumour prevention and management.
